SEARCHING FOR A CLASS

Start by completing the basic steps for conducting a class search using Columbia Class Search [see Searching for a Class using Columbia Class Search].

SEARCH AREAS

There are 3 search areas within Class Search. Here's a quick overview of each one.

Main

This is the main search criteria area. At a minimum, Term and Subject(s) are required for conducting a search. If nothing is selected for Subject(s), 'All' is used by the application by default. Additional criteria selected or entered will aid in narrowing the search results.

USING ADDITIONAL FILTERS

Class Search has a bunch of additional filters to help with finding that perfect class. It might seem overwhelming at first glance, but let's break it down.

Be Careful!

If filters conflict, you may find yourself with either no results or not the results you want. Be cautious as you add additional filters that they don't cancel each other out.

When does the class meet?

Checkboxes that allow the user to filter for classes that are offered Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, or Sunday.

Between these dates:

Text box that a user may enter either a start date, end date or both to additionally filter class results. If a start date is entered after the first day of term, then open entry/open exit classes will also be returned.

Late Start Classes

Checkbox that if checked will automatically return classes that have a start date after the first day of term. Additionally, open entry/open exit classes will also be returned.

Between these start and end times:

Dropdown list from which a user may select either a start time, end time or both to additionally filter class results.

Status of class:

Checkboxes that if checked will filter for classes that have either an Open or Closed status associated with them.

Wait list lower than:

Text box that allows a user to enter a number between 1 and 99 to filter for classes with a wait list lower than the number entered.

No cost textbooks

Checkbox that if checked will return classes that offer free resources instead of textbook(s) or other resources that must be purchased.

Instructor last name:

Text box that allows a user to search for classes based on the instructor's last name. This search is made against both the instructor's legal name and their preferred name (as stored in Active Directory), even though the preferred name is the only name that will display in the results.
