

Searching for a Class using Columbia Class Search

Author: Michael Cline

Date: 12/19/2019

STARTING A SEARCH

Go to Class Search which can be found at the top of the Columbia website (www.gocolumbia.edu).

ENTERING SEARCH CRITERIA

This is the main search criteria area. At a minimum, Term and Subject(s) are required for conducting a search. If nothing is selected for Subject(s), 'All' is used by the application by default. Additional criteria selected or entered will aid in narrowing the search results.

A screenshot of the "Columbia Class Search" form. The title "Columbia Class Search" is at the top. Below it is the instruction: "Class Search: To limit your search, select additional criteria and press 'Submit'". The form contains several input fields: "Term:" with a dropdown menu showing "Columbia Spring 2020"; "Subjects:" with a list box containing "All", "ANTHR: CC Anthropology", "ART: CC Art", "ASTRO: CC Astronomy", "AT: CC Automotive Technology", "BIOL: CC Biology", "BUSAD: CC Business Administration", and "CCTDM: CCT Digital Media"; "Course Number:" with an empty text box; "Section Number:" with an empty text box; and "Title Keyword Search:" with an empty text box. To the right of the Subjects list box is a link: "Video Tutorial - Finding Classes Can't find your subject?". At the bottom right are "Submit" and "Reset fields" buttons. Two red arrows point to the "Term:" dropdown and the "Subjects:" list box.

ADVANCED SEARCH TECHNIQUES

For advanced search techniques see [Advanced Search Techniques using Columbia Class Search](#).
